Re: Transfer Fralo Plastech to
Roth Global Plastics

Dear Sir:

The Jefferson County Department of Health has received and approved your request to transfer the certification of the Fralo brand plastic tank to Roth Global Plastics brand. You certified that all third party approvals, structural tests, manufacturing process, weight, material distribution, quality control/assurance, etc. are identical to the approved tanks. You will only change the color from blue to black and rebrand the tanks to Roth Multitank.

Our records indicate that your assigned manufacturer's identification number is JC-24. All tanks manufactured by you shall bear this assigned number and the liquid capacity in gallons. The following are the assigned manufacturer identification numbers for the corresponding tanks.

<u>Jefferson County Identification #</u>	<u>Roth Multitank</u>
1) JC-24-300PL	RMT-300
2) JC-24-500PL	RMT-500
3) JC-24-750PL	RMT-750
4) JC-24-1000EPL	RMT 1000E
5) JC-24-1060PL	RMT-1060
6) JC-24-1250PL	RMT-1250
7) JC-24-1500PL	RMT-1500

These manufacturer identification numbers shall be located on the outlet end of each tank. It must be readily visible on each tank after it has been installed and prior to covering.

The seven (7) tanks identified above are approved by Jefferson County Dept of Health for transfer from Fralo Plastech to Roth Global Plastic Inc.

If there are any questions regarding any above information you may contact me at (205) 930-1255.

Sincerely,

A handwritten signature in black ink, appearing to read "Eldridge Grant", with a stylized flourish at the end.
