Re: Transfer Approval of FRALO Sewage Tanks to Roth

Dear Mr. Brown:

Based on your letter dated April 1, 2007 and your latest letter dated March 26, 2008 your request to transfer the approval of the FRALO tanks to the Roth brands is hereby approved.

Our List of Approved On-Site Sewage Tanks currently lists the following Roth tanks: Model ST 1060, Model ST 1250 and Model ST 1500. When we revise the List we will change these tanks to: Model RMT-1060, Model RMT-1250 and Model RMT-1500.

Please be aware that On-Site Sewage Tanks Rules are being developed. Once the rules are effective and once your company is notified, your firm should re-apply for approval per the requirements outlined in the rules.

Thank you again for your request. If you have any questions, please feel free to contact us.

Sincerely,

Mamdouh H. El-Aarag, P.E.
Environmental Engineer
Large On-Site Systems
